Request to Receive English Composition Credit Based on ACT/SAT Scores

To receive credit for ENGL 101 and ENGL 102 based on an ACT or SAT score, complete this form.

Course Selection: Boise State uses an online assessment tool, The Write Class, to place students in the appropriate first-year writing course. Before your orientation session (and before you are able to register for a first-year writing course), you need to complete The Write Class (<https://www.thewriteclass.com/>). Results take up to 72 hours to process. This online program takes multiple factors into account to determine the best placement for you. Please print out your results and bring them with you to orientation.

ENGL 101 and ENGL 102 Credit:

- ACT English score of 31 or higher; or
- SAT Critical Reading score of 700-800/SAT Reading score of 37 or higher

Test score to be used for credit: (check all that apply)

ACT SAT

I have read this form and wish to use my test scores to receive credit from English Composition. I understand that I cannot earn test credit for ENGL 101 or ENGL 102 if I have completed a course or earned a grade, including a grade of F, in ENGL 101 or ENGL 102. I understand that this credit will not appear on my transcript until I am officially enrolled at Boise State and it is after the 10th day of my first semester.
