_____ I support this appeal _____ I support this appeal with reservations _____ I do not support this appeal

Advisor Rationale:

By signing this document, you indicate that you have been informed of the Boise State University Reinstatement and Probation Policy and the requirements of the reinstatement process. Should your appeal for reinstatement be granted by the appeals committee, your academic record will still reflect that you were academically dismissed, but you will not be required to sit out for the required length of time designated by the university.
